Rev. John Cavnaugh, a one armed preacher, who formerly was in Alexandria, is again back on the job and early this afternoon was preaching before an audience at King and Pitt streets exhorting his hearers to end their ways and stop going to hell. He carried with him a suit case bearing big letters "Prepare to Meet Thy God" and "The Wages of Sin is Death."

Escapes Injury

Carroll Pierce, Jr., On Wall Street When Bomb Exploded Wednesday

A graphic account of the bomb explosion in Wall Street Wednesday is contained in a letter just received by Carroll Pierce, vice president of the Citizens' National Bank, from his son Carroll Pierce, Jr., who was on Wall street only half a square away at the time of the explosion.

Mr. Pierce in his letter among other things says that he escaped injury not even being cut by flying glass. At the time he was enroute to National City Bank where he is employed. Just as the explosion occurred he got close to the building he was passing until the excitement had subsided. He says he made an awful effort to go in and assist the injured but was prevented by the big crowd which gathered immediately around the scene. Three of the men employed in the bank where he works were killed and twelve of the bank's employees were injured he says.

Being unable to give first aid he proceeded to the bank and says he found it closed "Fore and aft" but after considerable difficulty succeeded in gaining admission.

His many friends here are glad to learn that he escaped injury.

Capture Still

Was In Operation In Woods In Fairfax County.

A ten gallon copper still in full operation was seized by the Alexandria police today hidden in a thicket in Fairfax county four miles south of Alexandria. The spot where the manfacturers of "Jump Steady." selected to make the liquid fire was regarded by the police as an ideal one and it was only by chance that the police here learned of its operation. The police on return with their capture also took in custody two white men who are held in connection with the affair. The still was brought to headquarters The police say that they found one barrel of mash, half barrel of mash, a quantity of mash cooking and an oil stove and also about a gallon of corn liquor.

The mash was thrown out by the police and the remainder of the articles used in the manufacture are being held as evidence against the two men being held.

Information was obtained regarding the still through a third man who was arrested this morning.

Just as soon as the police complete their investigation the men in all probability will be turned over to the United States authorities. The capture was made by Chief Goods, Sergt. Wilkinson and Privates Thompson and Durrer. They were accompanied on the trip by Mayor J. M. Duncan, Judge Robinson Moncure, the last named of the corporation court.

SHRINE FOUNDATION

National Memorial to Our Departed Soldiers and Sailors

In the presence of the American Hierachy, representatives of our Civil Government, as also of our Army and Navy, His eminence Cardinal Gibbon will Thursday, at 3 p. m. lay the foundation stone of the National Shrine of the Immaculate Conception on the grounds of the Catholic University.

The Shrine when completed will not be only an imposing religious edifice with a capacity of accommodating five thousand or more, but will stand as a National Memorial to our daunt less soldiers and sailors who offered themselves on the altar of their country, during the recent world war.

FIREMEN UNEARTH A BOMB CLUE

"Suspicious Shortage of Explosives" In One Factory

NO EXPLANATION

Unidentified Young Man May Have Been Driver of Death Wagon—Facts Given by Police

New York, Sept. 20.—A clue to the source of the explosive which Thursday noon rocked New York's financial district was unearthed today by the Fire Department, after a three days search of all establishments carrying explosives as a stock in trade.

The location and name of the establishment were not made public. A Fire Department official made the simple statement that "a suspicious shortage of explosives" had been found and "there is no explanation of where it went." It was stated further that all the facts had been put in possession of Department of Justice and police officials.

Carlos Treasca, well-known I. W. W. leader and prominent anarchist, turned up here today, speaking at the Russian People's House, a radical meeting place raided many times by the police. His past connections with the notorious Galliani anarchist gang had caused inquiries by Department of Justice officials and others as to his possible connection with the Thursday explosion. No direct evidence has as yet been secured that would be sufficient to hold him in custody—he has the best of legal talent —and his seizure at this time would be futile, it was said. It was learned, however, that he will be kept under surveillance.

Numerous others, whose whereabouts the Department of Justice is anxious to learn, have not yet been located. They, like Tresca; will not be locked up until direct evidence of their connection with the crime is secured.

The body of a man brown-haired and blue-eyed, from 22 to 24 years old, the only victim of the explosion so far unidentified, is creating somewhat of a puzzle in police circles. Some officials believe he was the driver of the explosive-laden wagon.

It is the contention of other officials, notably Chief William J. Flynn, of the Department of Justice Bureau of Investigation, that the Wall street blast was the work of an Italian bomb mob. The body in question is at of an American youth. His hands small and beautifully moulded, show no chemical stains or any evidence of rough work. They are more of a clerical type.

The arrival of detective Sergeant John Gegan, of the New York Police Bomb Squad, and perhaps the best known authority on radicals in the city, brought order out of a considerable chaos in the search. Gegan has been in Chicago and the west for ome time.

Alexander J. Brailovsky, Russian editor of the "Russky Golos," the "Russian Voice" arrested here on Saturday on a report that he had been seen near the scene of the explosion within an hour of the blast, was still held today. His status, however, had changed. The police in their questioning failed to obtain anything which might indicate Brailovsky had any knowledge of the source of explosion. He was then re-arrested by Sergeant Gegan as an undesirable alien, and held for action by the Federal authorities.

A Brooklyn newspaper this morning printed as a fact, that the police had found a horse shoer, who supplied the name of the owner of the horse and wagon which carried, the police believe, the bomb into the Wall street district, and which was destroyed in the resulting blast. A careful check of police and Federal officials today failed to uncover anything of the sort.

Fifty-three victims of the bomb are still in hospitals.

Reception and Dinner

P. B. Williams, of Toledo, O., Will be Principle Speaker Tomorrow Evening.

Arrangements are about complete for the reception dinner to be given by the board of directors of the Y. M. C. A., at the Westminster Building tomorrow evening at 7 o'clock. Invitations have been issued to many of the leading business and professional men of the city and generous responses have been received and tickets of admission mailed to those responding.

Percy B. Williams, of the Y. M. C. A., of Toledo, Ohio, who is to make the principal address, is expected to arrive tomorrow morning and he will be taken on a sight seeing trip and shown the historical places of interest about the city. Mr. Williams' subject will be "The Making of a City."

C. C. Lamond, president of the Y. M. C. A., stated this morning that admission would be by ticket tomorrow night, but it is his intention to see that those sending in replies sesure their tickets promptly. If for any reason any have not received their tickets of admission they should call the Y. M. C. A., and the ticket will either be mailed or it can be secured at the door Tuesday evening.

Free Band Concert

Citizens' Band Will be at Elks' Auditorium Tomorrow Night

The first of a series of free concerts for the citizens of Alexandria will be given tomorrow evening at 8:15 o'clock in the auditorium of the Elk's Home by the Citizens' Band. All children under twelve years of age desiring to attend must be accompanied by their parents, otherwise they will not be admitted.

This will inaugurate a series of free concerts planned to be given during the autumn and winter months. A large attendance should greet the players.

Alexandria should feel proud of the boys who give their time and talent in furnishing music and the best encouragement that can be given them is hearty co-operation. If all boost the band in every way possible Alexandria soon can boast of the best amatuer band in the state of Virginia one that every citizen may feel justly proud of.

DRIVER ROBBED

Taxi Chauffeur Beaten and Thrown From Car in Arlington

Assaulted by two men who hired him for a trip to Fort Myer, W. Grayer Williams 1209 Second street northwest Saturday, was robbed of $20 and a watch and left in a dazed condition in Arlington Cemetery, while his assailants made their escape in his automobile.

Williams told the police that he was hired by two white men at the Union Station to take them to Fort Myer. When they reached the fort his two "fares" requested he drive into Arlington Cemetery.

Hardly had the machine entered the cemetery when one of the men dealt him a blow over the head with a blunt instrument. They then threw him out and fled in his car.

Williams later went to the Emergency Hospital, where he was treated

CAPTURE HOCKMAN AT MONROE, VA.

Will be Brought to Manassas For Preliminary Hearing

TAKEN TO LYNCHBURG

Is wanted in Connection With Murder of Samuel Sutherland Whose Body Was Found Wednesday

George Hockman, wanted in connection with the shooting and killing of Richard Sutherland, also known as Walter Sutherland, was arrested late last night at Monroe, Va.

Hockman was at once taken to Lynchburg, Va., and held for the Prince William county authorities.

Commonwealth's attorney Thomas H. Lion of Prince William county stated today to a representative of the Gazette that he would dispatch Sheriff R. M. Weir to Lynchburg at once to bring the prisoner back. Hockman will be taken to Manassas and he will be given a preliminary hearing either tomorrow or Wednesday.

Hockman fled in a launch from Quantico Creek just before the body of Sutherland was found in that creek last Wednesday morning. Since then the authorities of Prince William county have made an ineffectual effort to find any trace of the prisoner. They were, therefore, surprised upon learning of his capture last night.

When the body of Sutherland was found it was weighed down with a piece of railroad iron and there were two bullet holes in the body. A coroner's jury last Thursday held an inquest and the evidence brought before the jury indicated that before Suther land came to his death there had been fierce struggle

In the opinion of the commonwealth's attorney the shooting was the culmination of a quarrel between the men over liquor believed to have been manufactured aboard an ark owned by Hockman which was stationed in Quantico Creek.

WEDDING THIS WEEK

An interesting wedding to be celebrated this week is the marriage of Miss Laura Alice Blanton to Robert Gilliam Butcher, of Petersburg. The ceremony will take place on September 25, at 6.30 p. m., at the home of the bride's cousin, Mrs. William S. Bronson, 145 Colonial Avenue. The bride-to-be is the daughter of Mrs. Laura A. Blanton, Marlborough Apartments, of this city. Miss Blanton attended Hollins College, and has since ben a popular member of the younger set of Richmond.

Mr. Butcher is a recent graduate of the University of Virginia law school and served as a lieutenant in the United States Army during the late war.

Owing to a recent bereavement in the family of the groom, the wedding will be very quiet. only the immediate families being present—Richmond Times-Dispatch.

Miss Blanton is the sister of Captain Stanley G. Blanton, U. S. A., who made his home in this city for several years prior to entering the army.

GOMPERS MAKES ATTACK ON SENATOR HARDING

Washington, Sept. 20.—Samuel Gompers, president of the American Federation of Labor, in the current issure of 'The American Federationist' declares Senator Warren G. Harding is for "going backward," and that the principles he advocates offer nothing constructive to meet the issues of the day.

Gompers criticism is couched in the strongest terms he has yet used, and his advocacy of Governor James M. Cox is as vigorous as his denuciation of Harding. He charges that the Republicans have "turned their backs" on labor, and would revert to conditions that have passed.

INSANE MAN KILLS 3

Halifax, N. S. Sept. 20.—Three men, one of them his father, and a woman, were shot and killed at Hemford, Lunenburg county, today by Havelock Veinott, of that place, who then committed suicide.

Register All Oct., 2

Registrars Abandon Sept. 23. In Order to Comply With Law

The date for a general registration of all voters has been changed from September 23 till October 2. This was announced this morning by all of the registrars in the four different wards. The reason for this is that the law provides that there shall be a general registration thirty days prior to the election which date is October 2, as the general election occurs November 2.

On October 2, general registration day, the registrars of the four wards will be on hand all day for the purpose of registering both men and women.

Registrars are as follows: First ward, F. D. Moore, 419 South Lee Street; second ward, George A. Harlow, 202 North Royal street; third ward, George W. Bontz, 422 North Alfred street; fourth ward; Thomas Chauncey, 315 South Alfred street.

INADEQUATE GAS SUPPLY TODAY

Coal Shortage at Plant Relieved by Arrival of Two Car Loads

IMPROVES AT NOON

Loud Protest Heard From Consumers —Expect Better Gas Tomorrow— Women May Take Action

But little if any improvement was shown in the gas situation this afternoon. However, about the noon hour the flow of gas appeared to improve. Householders and others depending on gas for cooking and other purposes were helpless this morning. No one appears to take the responsibility for the failure of consumers to obtain gas.

The principal reason assigned is inability to secure coal. Now coal has been received and there is no good reason why consumers should not have gas.

One car load of "gas" coal was received Saturday and this morning Mayor James M. Duncan communicated with the railroad authorities and had them rush another carload of coal just received to the plant which was immediately unloaded.

F. W. Latham, superintendent of gas, stated today that the reason for the poor gas this morning was due to the fact that the gas made Saturday from the coal borrowed from the District government, which was not "gas" coal was not all out of the pipes and from now on he promises better gas.

Albert Smoot of the firm of W. A. Smoot and Company, coal dealers which concern has the contract for furnishing coal to the city gas works, declares that the city gas plant has been most fortunate in securing coal, as Saturday was the first time they were without fuel and then be obtained permission from the District government to use two car loads of their coal. The city is furnished with the best grade of coal obtainable he says.

The failure for the past forty-eight to seventy two hours of consumers to get a sufficient suppiy of gas has created a big howl throughout the city.

The Gazette was unable to get any gas until noon and as a result could run but four pages today.

Many of the women of the city, a majority of whom are now voters, contemplate holding a mass meeting for the purpose of taking some action regarding the plant. It is expected that they will take the matter up with the mayor and members of council for immediate action.

Citizens of Alexandria are paying a good price for gas and should be looked after. Any private corporation would see that its consumers were furnished with gas at all times and be prepared for just such an emergency as the gas plant had.

What the people of Alexandria want is service and not excuses, and it is time that somebody in authority learned this. Excuses cannot cook meals or run manufacturing establishments.

VAMPIRES

A vampire is a ghost, not a self-respecting ghost who confines his activities to haunting graveyards and lonely houses at midnight and answering calls on the ouija board, but a ghost with parasitical tendencies. A vampire is the soul of a deadman or woman who quits the body he inhabits by day and wanders about by night to suck the blood of living persons, says the Baltimore Sun.

Some people don't mind undergoing blood transfussion to save the life of another human being. But to nourish a corpse in a grave, that is another matter. The great majority of persons dislike the idea.

So ways have been found to put an end to the ravages of the vampire. A stake driven through the body is usually effective, or the head may be cut off or the heart torn out. If these expedients fail, a popular measure is to burn the body or pour boiling water and vinegar on the grave. The latter is said to be an especially powerful remedy.

Vampires come into being through several sets of circumstances. Wizards and witches usually come to this bad end, Suicides and those who have died by violent means often take up this avocation as a revenge against society Persons who have been cursed by their parents or by the church undoubtedly will be vampires.

The misfortune of not belonging to any of these categories does not, however, debar one from this pleasant occupation. To die and have a cat jump over one's body is all that is necessary. Any other animal will do. Even a bird will suffice, if it will fly directly over the corpse. But a cat is best.

A consideration of these facts will suggest that the number of vampires in the community has been greatly under-estimated.

In spite of the above array of facts some persons do not believe that vampires exist, or, at least, not the sort herein described. But people in Russia, especially in White Russia and the Ukraine, will bear witness to the facts. Poles and Serbians, Czechs of Bohemia and Slavones of Austria will join them.

Their conception of this race of deadly parasites differs somewhat from our own, but is the difference so great after all?

LIVING COST GOING DOWN

The peak of high prices was reached about the middle of last July, and since that time the cost of most staple commodities has declined steadily, according to officials of the Department of Labor yesterday.

Important among the reductions were those in the wholesale and retail prices of flour, sugar, meat, and clothing which average approximately 4 per cent.

It was confidently predicted that during the coming six months prices will fall to lower levels than have been known since early in the war. The clothing business especially is said to be "teetering on its toes."

Hugh Kerwin, conciliator of the Department of Labor, stated yesterday that the anthracite strike is practically a closed issue. Most of the miners have returned to work, he says, and the rest cannot remain out much longer. While a temporary shortage of anthracite coal is expected to result, the price, it was stated, will not be seriously affected, and it is hoped that the stortage will be made good before winter sets in.

SPORTS

With the score standing 2 to 1, in favor of the Dreadnaught A. C. at the beginning of the seventh inning, yesterday's game had to be called, caused by the enormous crowd, which was estimated at 8,500 people, surging on the playing field and thus preventing continuation of the most interesting and hard fought game seen here in many years.

The locals opponents, namely, the Knickerbocker A. C., holder of the consecutive win record of the District came down strong, having Brons Howard, of the Rex A. C., covering first, Billy Martin, late of the Boston Braves playing second, Ortel, of the champion Navy Yard aggregation on third, all newcomers over the "D's" last game with that club, but strong as they were, the locals were stronger "Sing" Singleton, pitching his last game for the Dreadnaughts, was in great form, letting them down with one clean hit, and retiring eight by the way of the strikeought route, and being given gilt-edge support by his teammates, catching of Chief Whall, two crack catches by Chief Frazier in left field, and the infield work was above par, Dreifus, Devers, Degnan and Purdy being at their best. Singleton signed a contract Saturday with Jesse Tannehill, representing the Philadelphia Nationals and leaves Wednesday for the Sleepy City, his wonderful work attracting the attention of the Detroit Tigers and Phillies scouts. his many Alexandria friends he has made in his three year association with them wish him all the luck in the world in his new field and are pulling for him to make good in the big league. The runs yesterday was scored by the Dreadnaught on successive hits by Dreifus, Purdy and Ludlow, and Dever's fielders choice, Billy Martin being unable to make a play on Ludlow at the plate on "Wop's" hard smash. Fisher, twirling for the Knicks, showed signs of weakening in the sixth frame when Purdy and Degnan hit safely, his hard work in the early innings beginning to tell on the tall southpaw. The Knicks scored their only run in the second inning, when Gill was passed, stole second and scored when Catcher Whall's throw to that base hit the runner on the leg and glanced to left field. from that time to the end of the game, Singleton retired the Knicks in one, two, three order and was in no danger of being tallied on whatever.

Score by innings:

D. A. C. ..... 2 0 0 0 0 0—2 5 2
K. A. C. ..... 0 1 0 0 0 0—1 1 1

Batteries, Dreadnaughts, Singleton and Whall; Knickerbockers, Fisher and Heitmuller. Umpires Dick Wood ward and Shorty Hughes. Attendance 8,500.

Certain-teed Roofing Costs Less to Lay

You will appreciate the low cost and convenience of laying Certain-teed Roofing.

Skilled labor is not required to lay it properly.

You save much of the expense of hiring trained workmen and avoid delays because of a scarcity of such men.

But this is only one of the Certain-teed economies. It also costs less to buy and less to maintain than any other type of good roofing.

In addition, Certain-teed roofing is weather-proof, fire-retarding and spark-proof. It is guaranteed for five, ten or fifteen years, according to weight. Experience proves that it usually outlasts its guarantee by years of satisfactory service.

See your dealer about Certain-teed Roofing. If he can't fill your entire order from stock, he can get what you want quickly from a nearby Certain-teed distributing center.

FEELS BETTER THAN SHE EVER EXPECTED

Petersburg Woman Would Like to Tell The World How Tanlac Helped Her

"I feel just like a different person since I started taking Tanlac, and would be glad to tell the whole world what it has done for me," said Mrs. S. A. Harris, 111 North Dunlop street, Petersburg, Va.

"For five years," continued Mrs. Harris, "I had suffered from indigestion. My appetite would come and go—one day eating heartily and the next unable to eat a thing. But I was actually better off when I did not eat, for everything I ate disagreed with me. After every meal I would feel all stuffed up and have such intense pains around my heart and in my chest I could hardly breathe, and I could not get a long breath at all. I had severe headaches, and at times became so dizzy I could scarcely stand up. I was so nervous I could not sit still a minute, and slept very little, and when I did manage to doze off I had such horrible dreams that often I would wake up almost frightened to death and my heart beating like it would jump out of my body. I also suffered terribly with rheumatism in my knees, which pained me so I could hardly walk and at times I got past going at all.

"My husband had been taking Tanlac with fine results and advised me to try it. Well, I took his advice and am glad to say I feel better today than I ever expected to feel again in my life. I eat heartily every day and never have a sign of indigestion; I never have that stuffy feeling any more nor any trouble in breathing. I have not had a headache or dizzy spell since I started taking Tanlac; I sleep well without having bad dreams and always get up feeling rested and ready for my housework, which I look forward to with actual pleasure. I am certainly free of the rheumatism and can get about as well as I ever could, I am only too glad to say a good word for Tanlac, as I think it is perfectly grand."

Tanlac is sold in Alexandria by Edgar Warfield, jr., and Gibson's Drug Store.

Rheumatism Comes From Tiny Pain Germs

First of all, get it firmly fixed in your mind that all the liniments in the world have no effect whatever on Rheumatism.

A very common form of Rheumatism is caused by millions of tiny disease germs which infest the blood. The one and only sensible treatment, therefore, is one which cleanses the blood of these germs, and routs them entirely out of the circulation.

This is why S.S.S., the greatest known blood purifier is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, and will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

S.S.S. is sold by all druggists. Free literature and medical advice can be had by writing to Chief Medical Adviser, 154 Swift Laboratory, Atlanta, Ga.

CRITICISM UNJUSTIFIED

State Senator Goolrick Resents Shafts Aimed at Highway Head Concerning Chappawamsic Swamp.

"Criticism of the State Highway Department as to conditions that have prevailed for the past several weks in Chappawamsic Swamp on the Richmond-Washington highway is entirely unjustified," declared State Senator C. O'Conor Goolrick, of Fredericksburg, who was a business visitor in Richmond recently.

"This thing might have happened on any road in the State or on any railroad. The State Department had started to concrete this fraction of a mile in the center of the swamp, a permanent improvement that would have obviated all difficulty of traffic for all time. Just after the necessary fill of clay and mud had been built up and still was soft, the rainy spell set in and, of course, became impassable.

"Weather conditions continued such that the department could not keep the soft fill in condition for travel or complete the concrete work. Continued travel over the road while in this condition increased the difficulties. Had it not been for the unusual wet season coming at this period of the year, when it was least expected, the improvement would have been completed without serious interferance with travel, and the edpartment would have had the praise of the entire traveling public.

"The public should be patient and give the department credit for its efforts in trying to make a permanent road and not charge it with the difficulties of bad weather, over which it has no control."

He Knew Whereof He Spoke.

A school teacher was visiting the Boy Scout camp at Kinneumapooee a few weeks back. The boys were feeding her with blackberries and in every way trying to make her enjoy her visit. One little fellow, more interested than the others gave her the following advice:

"And say, while you're here you want to get good and tanned. You wont have to wash your neck and ears then for the dirt doesn't show.

TO LEARN SILK MAKING.

American Girls, After Course in Belgium, Will Return as Instructors.

To Americanize thoroughly the Belgian artificial silk industry of Tubize, at its first plant in the United States now being constructed at Hopewell, Va., the corporation will send a number of American girls to Belgium. There they will learn the processes incidental to the manufacture of this product. They will return about Jan. 1 next, when the new factory will be in operation, and will instruct 1,600 young women. Particular inducements will be offered families whose breadwinners accept employment at the Hopewell factory.

At the moment Tubize silk is being manufactured in Belgium, Poland and Hungary, and part of the output of these plants is being shipped to this contry, but the demand in Europe is so great that, although both Belgium and American capital is interested, a purely American plant is being established.
